Framework contracts at PEG

RV1: Basic Version

- Discount or cash-back system
- Agreed hours/day fees
- Providing of individual quotations
- Guaranteed response time

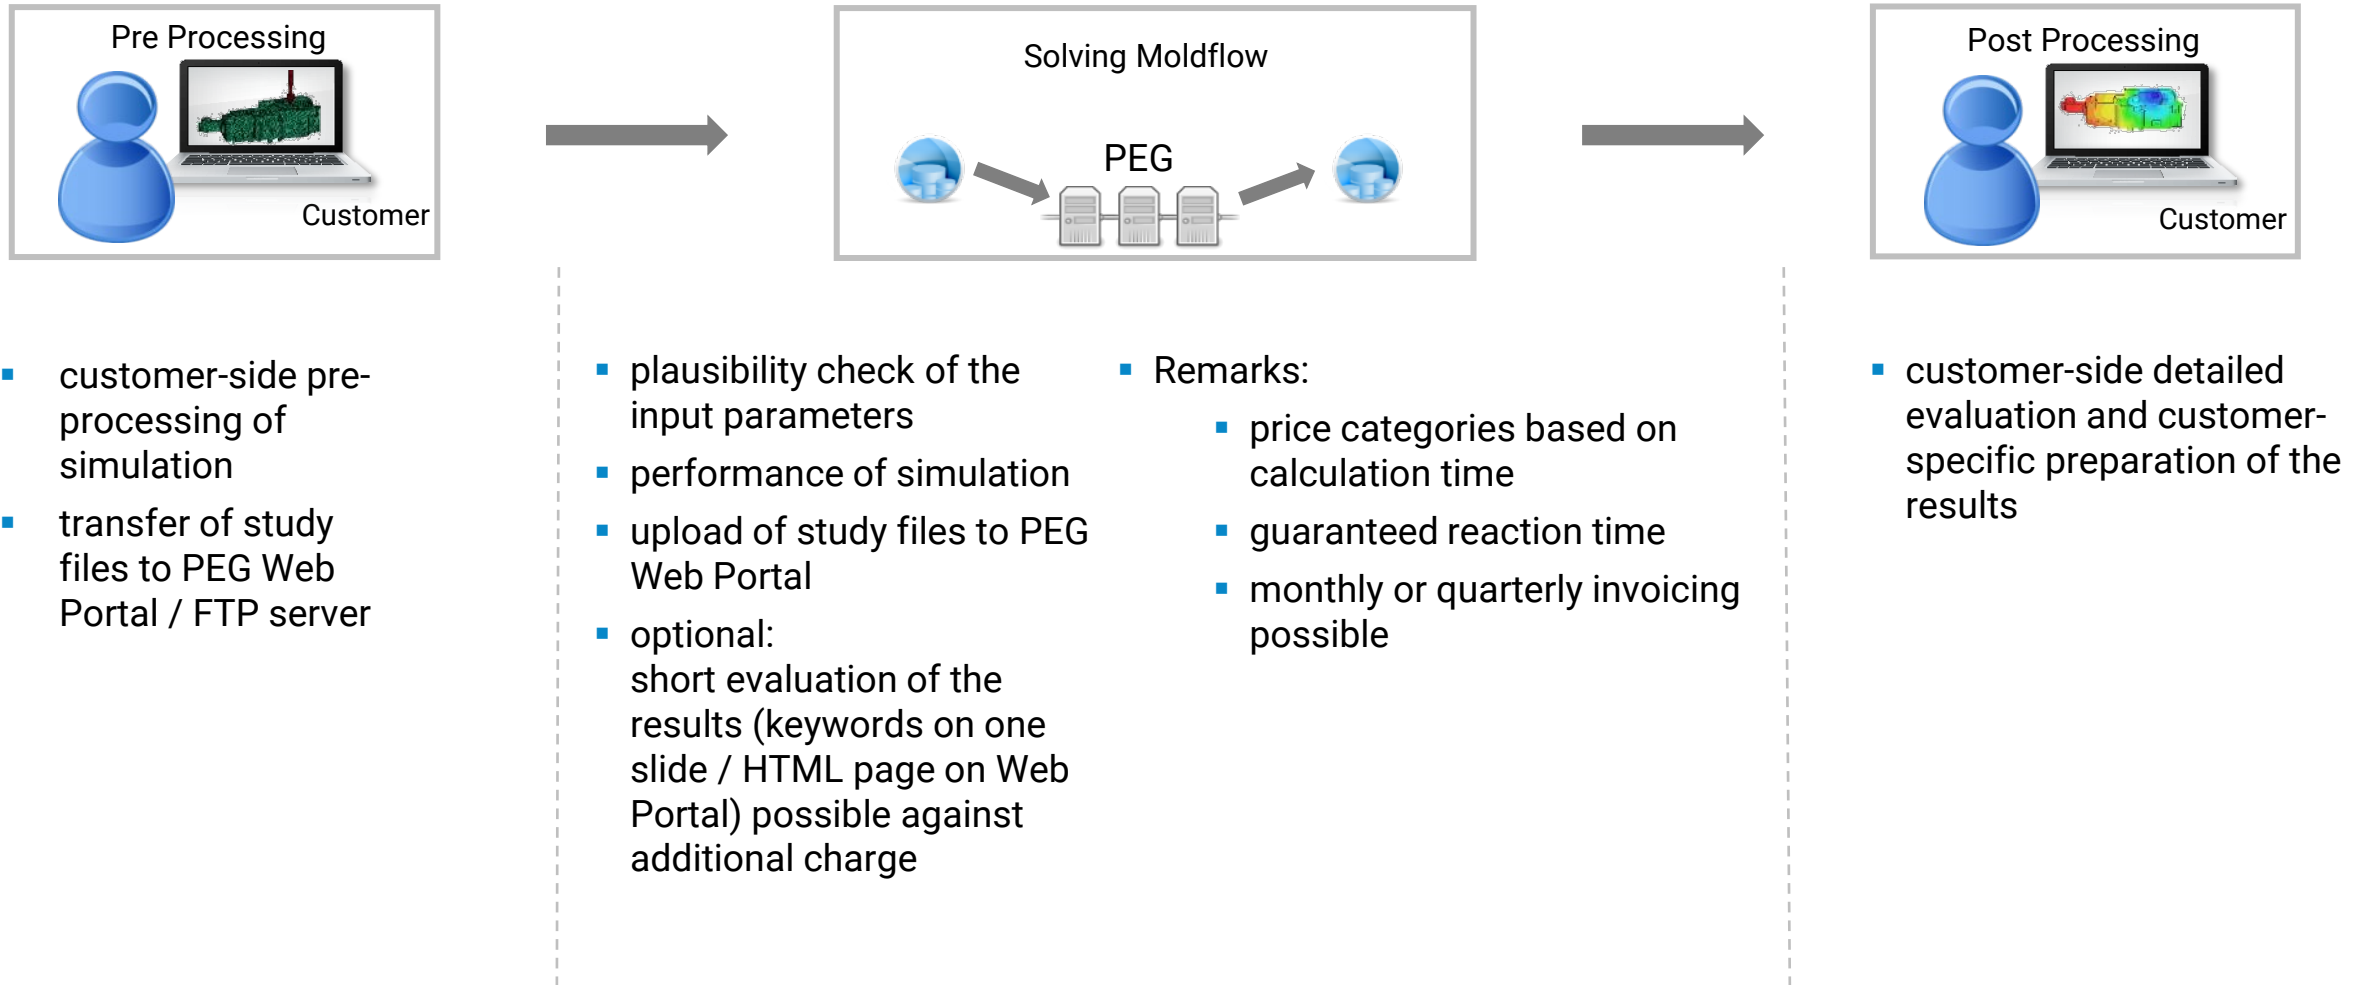

RV2: Service categories

- Service categories depending on the complexity of the parts and the required tasks
- Service categories with fixed prices
- Simplified offers according to service categories
- Discount or cash-back system
- Guaranteed response time

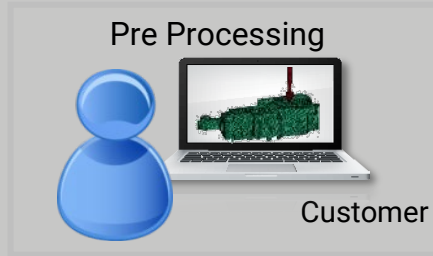

RV3: Service categories & Online Portal

- Set up of a customized login area
- Attractive and fixed prices based on service categories
- Minimal administrative and communication effort
- High degree of automation
- Guaranteed response time and delivery date

PEG simulation cluster

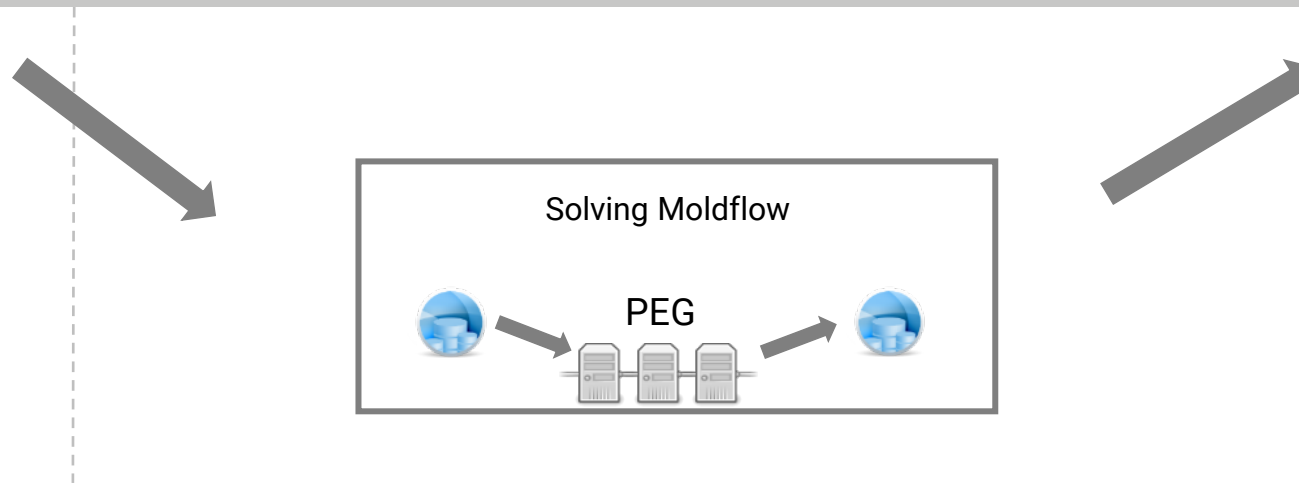

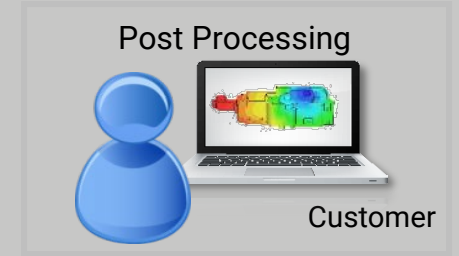

PEG simulation cluster

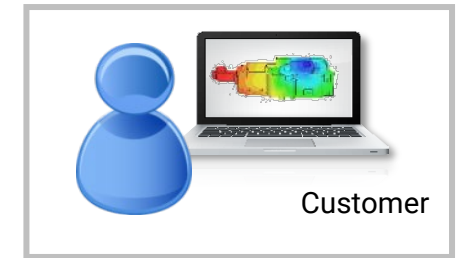

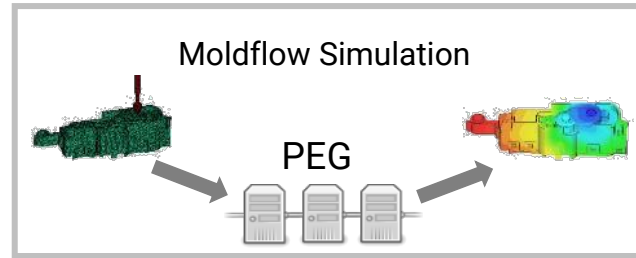

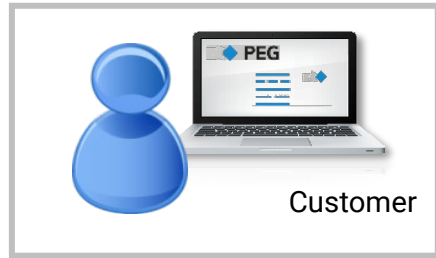

Benefits

- Access to additional simulation capacity
- No use of cloud services necessary
- Confidentiality via NDA
- Additional model-check by PEG engineers
- Connection to PEG Portal possible as additional service category

PEGASOS – Moldflow Express Service

- upload of CAD data on PEG server
- choose simulation form:
 - only filling phase

or

 - fill, pack, warp
- choose process settings:
 - automated

or

 - providing of process settings
 - melt temperature
 - mold temperature
 - injection time / speed
 - switch-over
 - packing profile (packing amount / time)
 - cooling time
- choose material
- choose injection location(s) by coordinates
- choose if debriefing is wanted yes/no

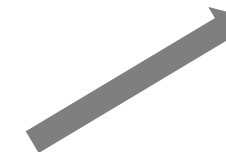

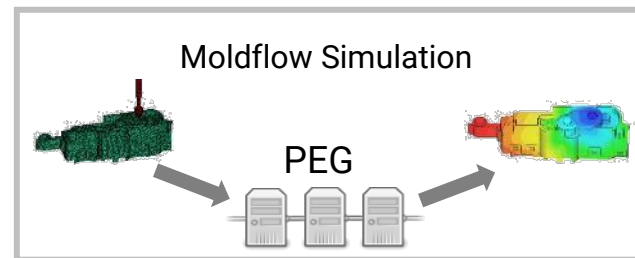

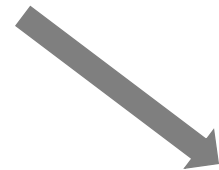

- plausibility check of input parameters
- automated Pre-Processing
- performance of simulation (1 simulation run)
- automated documentation of standard results
- export of MFR file
- upload data on PEG server
- if necessary, contact customer regarding debriefing date

- detailed evaluation and customer-specific preparation of the results customer-side

PEGASOS – Moldflow Express Service

Benefits

- Moldflow Simulation within a few hours at cheap price
- Suitable for:
 - Easy access to information on filling behaviour, weld line position and warpage trend if needed
 - Quick risk assessment before submitting a quotation

Thanks for your attention
